

## **Sponsorship Opportunities**

The Chicago Park District has been providing FREE cinema entertainment in our neighborhood parks during the summer for 15 years. We provide safe, family-friendly events that bring people together and foster a sense of community. Showing recent and classic films in **150 parks across 65**neighborhoods throughout the city, neighbors gather at dusk in community parks, cultural centers and lakeside locations to catch an old favorite or must-see blockbuster. With their picnic baskets, blankets and lawn chairs, moviegoers of all ages connect with their closest neighbors near and far.

Each summer, these events feature **more than 250 movie showings** with audience totals of **over 60,000 viewers**. Sponsorship support makes this program possible and allows the Chicago Park District to reach more moviegoers in more locations.
